

Are you passionate about creating innovative solutions for soundproofing in architectural spaces? Himalyan Acoustics seeks a talented 3D Architectural Designer to join our dynamic team!

 **Company:** Himalyan Acoustics

 **Location:** Dharampur, Solan, Himachal Pradesh

 **Position:** 3D Architectural Designer

Job Responsibilities:

- Create detailed 3D models and renderings of architectural spaces incorporating our soundproofing products.
- Collaborate with the sales and marketing teams to develop visual content for promotional materials, presentations, and client proposals.
- Work closely with clients and project managers to understand their needs and deliver customized design solutions.
- Stay updated on industry trends and emerging technologies to enhance design capabilities.

Qualifications:

- Proficiency in 3D modeling software such as AutoCAD, SketchUp, or Revit.
- Strong understanding of architectural principles and construction methods.
- Excellent communication and interpersonal skills.
- Ability to work independently and as part of a team, managing multiple projects simultaneously.
- Previous experience in architectural design or related field is preferred.

What We Offer:

- Competitive salary commensurate with experience.
- Opportunities for professional development and growth within the company.
- A collaborative and supportive work environment where creativity is valued.
- Chance to contribute to cutting-edge projects in soundproofing technology.

If you're ready to bring your passion for design to the forefront of architectural innovation, apply now to join the Himalyan Acoustics team! Send your resume and portfolio to career@kpaiindia.com.
